- KidSafe is a brilliant course which needs to be in all schools as it directly teaches children how to keep themselves safe from abuse and harm in a fun non-scary way.
- KidSafe UK offers schools a cost effective, robust structured approach to how we safeguard children.
- The programme provides schools with an effective framework to tackle difficult issues promoting children's resilience and positive mental health.
- The programme is delivered in a fun way but with a serious message running alongside and with no use of explicit language or materials. The programmes are always age appropriate, fun and entirely child centred.
- KidSafe offers a whole school approach with sessions being taught from reception through to Yr. 6. All sessions are pitched at a good level discussing sensitive issues in a child friendly way.
